OBJECTIVE

Aspiring Software Developer with solid knowledge of Java, object-oriented programming, and front-end web technologies. Quick learner with strong analytical thinking and a commitment to building scalable and efficient solutions.

EDUCATION

Bachelor of Computer Applications (BCA)

CGPA – 7.4

A.V.V.M Sri Pushpam College, Poondi, Thanjavur

Jul 2022 – May 2025

HSC - 67.5%

National Higher Secondary School, Mannargudi, Tiruvarur

Jun 2020 – Apr 2021

SSLC - 93%

Thirumurugan High School, Melavasal, Tiruvarur

Jun 2019 – May 2020

PROJECTS

1.Title : Library Management System

Technologies used : Java, JDBC, MySQL

- Developed a console-based application to manage library operations such as book issue, return, and record maintenance.
- Implemented core functionalities including adding, updating, deleting, and searching books and users.
- Applied Object-Oriented Programming concepts like **Encapsulation, Inheritance and Polymorphism**.
- Integrated database connectivity using JDBC to persist and retrieve data.
- Designed a menu-driven interface for efficient user interaction.

2.Title : Web-Based Calculator Application

Technologies used : HTML, CSS, JavaScript, Java, Servlets, Apache Tomcat

- Developed a dynamic web-based calculator supporting basic arithmetic operations like addition, subtraction, multiplication and division.
- Designed responsive user interface using **HTML and CSS** for better user experience.
- Implemented client-side logic using **JavaScript** for real-time calculations and validation.
- Integrated Java Servlets for server-side processing and request handling.
- Used HTTP methods to manage client-server communication.

TECHNICAL SKILLS

- Programming: Java, C# basics
- Web Technologies: HTML, CSS, JavaScript
- Database: MySQL
- Tools & Platforms: Apache Tomcat, Git, GitHub, Eclipse, IntelliJ IDEA, VS Code
